The Man at the AMOCO Mike

FOR the twelfth consecutive season, the American Oil Co., maker of AMOCO products, will bring Redskins fans on-the-scene, play-by-play accounts of all home and road games over a vast AM and FM radio network from Maine to Florida, and on TV wherever possible.

The AMOCO-Redskins association thus continues to set an all-time high for the broadcasting industry. No other sportscast of this magnitude has enjoyed such consistency of performance.

Manning the microphone this year will be Jim Gibbons, who has grown to fame on the Redskins broadcasts. Jim's crisp, yet friendly voice has been part of this show for 11 of its 12 seasons. He is in close, personal touch at all times with the players and coaches.

A native of Greeley, Nebr., Gibbons attended both Creighton and Omaha Universities. He came to Washington to work in the government service in 1940 and, two years later, ventured into the radio field. Immediately, he began the gradual climb to the unprecedented popularity which he now enjoys in the Nation's Capital. Gibbons is in such demand by sponsors and listeners that he averages about four hours daily on radio and TV, plus many other special sportscasts. For instance, he is the play-by-play man also for the University of Maryland's national championship eleven.

Gibbons, married and the father of six children, lives in Chevy Chase, Md., a Washington suburb.

Charities Net \$1,450,000

IN NON-CONFERENCE games sponsored by leading newspapers and civic organizations throughout the United States, the Redskins have assisted in the raising of more than \$1,450,000 for various charities. This does not include sums raised this year.

The Redskins' outstanding contribution has been in Los Angeles where the annual game sponsored by *The Los Angeles Times* has netted almost \$700,000 for *The Times' Boys Club*.

A similar series in Baltimore, sponsored by the Variety Clubs of Washington and Baltimore, netted \$125,000 for boys club activities.

During World War II, two Redskins games collected \$122,369 for service relief funds. Another \$500,000 was raised in Denver, Birmingham, Dallas, Oklahoma City, Memphis, San Francisco, Buffalo, Columbia and other cities.

The National Symphony Orchestra

Big-Time Half-Time

THE REDSKINS will score another "first" in the field of entertainment this Fall when the National Symphony Orchestra will be featured in one of the big half-time shows at Griffith Stadium. Known as "the orchestra of the Presidents," the National Symphony will present a symphonic concert from midfield between halves of the opening game October 10.

A complete listing of half-time shows scheduled for this season appears on the opposite page.

The appearance of the National Symphony is a daring departure from the usual half-time format. It is the first time that a symphony orchestra has ever performed on a football field.

The symphony, now entering its 24th year, is under the direction of Dr. Howard Mitchell, an American-born, American-trained musician who represents the new age of American leaders in American music. Dr. Mitchell, who is one of the few artists in musical history to rise from the ranks to full conductorship, was born in Iowa and studied in Baltimore's Peabody Conservatory and Philadelphia's Curtis Institute.

Under his leadership, the National Symphony has grown to be one of the Nation's most progressive symphonic organizations. Acceptance of the challenge to perform at midfield is just another sample of Dr. Mitchell's progressiveness.

And, too, it is another high mark in the Redskins proud record of bringing the best in half-time shows to the fans. Some of the

THE BATTLE OF THE BANDS

The sprightly, two-year-old Colt Band will journey over from Baltimore to demonstrate its marching and playing ability before the Redskins Band and fans of the Nation's Capital.

November 14

THE INDIAN SHOW

Annually, the Redskins present a special Indian Revue, featuring a talented terpsichorean from the Broadway stage, plus The Redskins Dancing Girls directed by Margaret Faber.

December 5

THE SOUVENIR SHOW

Featuring the famed Redskins Marching (and Pitching) Band. Each member of the 100-piece band will throw a football autographed by players into the stands — mementoes from the Redskins to you.

December 12

THE CHRISTMAS SHOW

Starring, of course, that most popular of all performers — Santa Claus — making his "official" visit to the Nation's Capital at half-time. He has come by parachute, helicopter, sled, toy train, trick auto. How come, this year?

brightest names in show business have performed on the gridiron stage at Griffith Stadium.

Naturally, the famed Teepee Band and the Redskins Marching Band will continue to play integral parts in the entertainment. The stalwart volunteers of the marching band, undefeated and untied since they started playing in 1938, will not be awed by the competition offered by the National Symphony. They have played and drawn plaudits alongside the Philadelphia Philharmonic at The Philadelphia Inquirer's Music Festival. They have marched up Broadway at the head of 15,000 invading fans. They have represented the Nation's Capital in the big annual Lions' Club parade. And they have traveled with the team to Cleveland, Baltimore, Norfolk, Philadelphia, Pittsburgh, New York — and, just this year, added the big Elks Club game in Columbia, S. C., to their itinerary.

The marching band is composed of amateur musicians of all ages and occupations — mechanics, painters and plumbers; salesmen, printers and sheet metal workers, law and medical students, electrical engineers and bookbinders.

National Football League

Champions, Records and Statistics

HERE are the recognized official all-time professional football records (individual and team) and the annual National Football League champion in each department of the game—passing, running, receiving, kicking, scoring. The individual record performances date back to the very beginning of the league, 35 seasons ago; the departmental leader listings date back to 1937, the year that the Redskins entered the National League—and the year that the NFL actually began to come of age. The league is in its 35th season but official statistics were not compiled in the earlier years and so, perhaps, some great gridiron feat is lost in the dusty past but, by and large, these figures are the true records.

SYMBOL DESIGNATIONS

- * League Record.
- † League Record for more than 250 attempts.
- ‡ League Record for less than 250 attempts.

FREQUENT PENALTIES

Off-side: Player is off-side when any part of his person is beyond scrimmage or free kick line when ball is put into play. Penalty: 5 yards.

Delaying the Game: Any inaction or action by either team which tends to prevent putting ball promptly into play—usually committed when team takes more than 30 seconds in huddle. Penalty: 5 yards.

Illegal Formation: Offense must have 7 or more men on line when ball is put in play. Those not on line must be one yard back of it. Penalty: 5 yards.

Holding or Illegal Use of Hands and Arms: Offensive players cannot obstruct opponents with hands or arms unless obstructing hand is in contact with own body—that is, blocker should keep hands against chest when he blocks. Penalty: 15 yards.

Defensive Holding: Defender cannot hold opponent who doesn't have ball. Penalty: 5 yards.

Man in Motion Illegally: Only one offensive back can be moving backwards or laterally when ball is put in play. More than one is a foul. Penalty: 5 yards.

Interference: No player can hinder progress of eligible opponent trying for forward pass except when making bonafide attempt to reach ball. Penalty for foul by defensive player: First down for offensive team at point of foul. Penalty for foul by offensive player: 15 yards. Note: It is also interference if offensive line-man moves downfield before pass is thrown.

Running into Kicker, Roughing Kicker: Defensive player cannot run into kicker. Penalty: 5 yards. Penalty for roughing kicker: 15 yards—and, if flagrant, player can be disqualified.

Roughing the Passer: Defensive player cannot run into passer who has thrown ball and is standing still or fading backwards. Referee determines if player was unable to stop his charge. Penalty: 15 yards.

Personal Foul: Ball players are forbidden to strike with fists, kick or knee an opponent or strike the head, neck, or face of an opponent with hand, elbow, or forearm. Penalty: 15 yards and possible disqualification of offender.

Unnecessary Roughness: Tackling runner when he is clearly out of bounds or throwing him to ground after play has ended. Also tripping any player. Penalty: 15 yards.

Clipping: Throwing the body across back of opponent's legs or charging onto his back, providing he is not ball carrier and it is not close line-play. Close line-play is three yards on either side of scrimmage line and between normal tackle positions. Penalty: 15 yards.

Piling On: Falling on runner after play is over; or falling on any other prostrate player at any time. Penalty: 15 yards.

Intentional Grounding: Passer cannot deliberately throw ball away to avoid being thrown with it for a loss. Penalty: 15 yards and loss of down.

Football is America's fastest growing sport, thanks mainly to the great interest engendered by our high school and college elevens. Each day, through TV and radio, tens of thousands of new fans are created. It is to these new followers that this dictionary of football terms is offered so that they may better enjoy the AMOCO-Redskins telecasts and broadcasts:

Backfield in Motion: Offense can have one back moving backwards or laterally as ball is put in play. More than one is illegal. See page 56.

Blocker: Player who helps pave way for ball carrier.

Bucking the Line: Runner takes ball and drives straight into scrimmage line.

Button Hook: Quick, short pass to receiver who spins (hooks) to face passer.

Charged Time Out: Each team can ask suspension of play three times during each half without penalty. Such time outs last one minute and thirty seconds. Exceptions: (a) Injured player allowed two minutes; (b) Three minutes allowed for repair of equipment; if player not ready then, he must withdraw. Penalty for excessive time outs: Five yards.

Conversion: Successful extra point after touchdown. See "Extra Point".

Cut-back: Ball carrier starts to run wide, but changes direction abruptly and at sharp angle.

Defense: Team without ball.

Delaying Game: After referee places ball on scrimmage line, offense must put it in play within 30 seconds or be penalized. See page 56.

Downs the Ball: Two meanings: (a) Referee "downs the ball" at point of furthest progress in his estimation (b) member of kicking team "downs" the kick by touching ball before member of receiving team—ball dead at that spot.

Draw Play: Quarterback fakes to pass, fullback comes up in half crouch as if to block and takes ball in stomach. Enemy linemen rush past him and he takes off through gap they've left.

End Zone: Area 10 yards deep behind goal posts at each end of field.

Extra Point: After touchdown, team is allowed try for extra point. Usually place kicked, but running or passing with ball is allowed.

Fades: Passer retreats with ball to allow receivers to outmaneuver defenders.

Fair Catch: Unhindered catch of kick by player who holds up one hand high to signal intent not to try to advance ball.

Fake: Quarterback pretends to give ball to player who pretends he has it.

Field Goal: Place kick (other than kickoff) between upright and over cross bar of goal. Three points.

First Down: Offense allowed 4 downs to advance ball 10 yards. First of this series of downs is called "first down". When team negotiates necessary yardage within required 4 downs, it is then said to have made "a first down".

Flanker: Player who lines up somewhat apart from team.

Flat Pass: Immediately to left or right of scrimmage line is "the flat". Pass thrown into either area is "flat pass".

Free Kick: Kicking team players are behind ball when kicked. Rule gives them equal rights to recover ball same as receiving team if kick travels 10 or more yards. A kick-off is a free kick.

Full Back Delay: Another name for "Draw Play".

Hand Off: Act of handing ball to another—as when T formation quarterback gives ball to another back.

Hook Pass: See "Button Hook."

Huddle: Offensive team gathers to get signal from quarterback.

Ineligible Receiver: Only ends and backs may receive forward passes. Any other player is "Ineligible Receiver."

Interception: When defending player catches forward pass.

Interference: Two meanings, (a) blockers in front of ball carrier; (b) illegal defense against forward pass. See page 56.

Late Dive: Another name for "Draw Play" and "Fullback Delay".

Lateral Pass: Pass thrown backwards or to side.

Line Backer: Defensive player who stands close behind scrimmage line.

Line Buck: Ball carrier drives straight ahead into scrimmage line.

Line of Scrimmage: Where teams line up for play.

Man-in-Motion: See "Backfield in Motion".

Mouse Trap: Defensive lineman is allowed to get across line of scrimmage and then is hit by surprise from side.

Naked Reverse: A reverse without interference. See "Reverse".

Offense: Team with ball.

Officials' Time Out: Interval during which referee has stopped clock, but is not charged against either team.

On the Flank: Player stationed wide left or right of scrimmage line is "on the flank".

On-Side Kick: Kickoff is "On-Side" because players on kicking team are behind ball when kicked. See "Free Kick".

Penalty Refused: Team can refuse penalty against other team to let play stand as it was.

Pitch-Out: Under-handed toss backwards usually by T formation quarterback.

Place Kick, Placement: Ball is held on ground by one player and kicked by another. See "Extra Point" and "Field Goal".

Playing The Wing: Defensive halfback posted at either end of scrimmage line is "Playing The Wing".

Punter: Kicker who drops ball and kicks it before it touches ground.

Quick Opener: Ball carrier hits line straight ahead—fast.

Receiver: Catcher of pass; also used for catcher of kick.

Red-Dog: Line backer takes calculated risk to leave his defensive area and make surprise rush at passer; also called "Shooting the Gap" because offense may not have provided blocker to impede him thereby leaving a gap.

Reverse: Back starts to one side with ball and hands it as secretly as possible to another player going in opposite direction.

Reversing the Field: Ball carrier hemmed in by defense suddenly changes direction.

Running Guard: Guard who pulls out of line when ball is put in play to run interference for ball carrier.

Rushing the Passer: Defensive ends and linemen battle through to get at passer.

Safety: When team kicks or knocks ball or carries ball into its own end zone and other team tackles ball carrier; also if team allows ball to go beyond its own end zone when it has provided the impetus.

Safetyman: Defensive player furthest from scrimmage line. Safetyman catches kicks.

Screen Pass: Offensive linemen pull out of position when ball is snapped and, disregarding on-rushing defensive players form line over to one side and passer throws to back who runs behind their wall of interference.

Scrimmage Line: See "Line of Scrimmage".

Shot the Gap: See "Red Dog".

Split Line: Noticeable spacing of offensive line—basic principle of split T formation. See page 60.

Spread: Offensive players line up widely spaced. See page 60.

Statue of Liberty: Passer or kicker fakes performance as another back runs behind and takes ball.

Sticks, Yard Sticks: The measuring instruments for first downs.

Sweep: Ball carrier runs wide around scrimmage line.
